treatment of solid organ transplant rejection, and graft v. host diseases. Claim 31 is amended herein to correct a typographic error. Particularly, R2 herein should be 4,6-dimethyl pyrimidine, not 1, 3-dimethylpyrimidine.

Claims 12 and 13 in application 11/255,643, which is a continuation in part of this application, may raise obvious type double patenting issue as the claims herein are generic to the claims in '643. However, since the ODP is the only issue remaining in this application and 11/255,643 is a later filed application, this application is now in condition for allowance.
